#### Introduction

The Course Equivalency System is a web-based application. It is used to simplify the process of students finding and requesting course equivalencies when researching or applying for the Course Equivalency System. This project will contribute to the University's larger goal of increasing participation in these programs, as per the Strategic Enrolment Management Plan.

The general process starts with the student wanting to know if a course from an External institution is equivalent to a McGill course. Students can access the Course Equivalency public database. If the course(s) that the student is looking for is not in the database, the students can submit a course equivalency request(s). A request number is created and is emailed to the student, along with a contact name (reviewer). The reviewer(s) can also submit a course equivalency request on behalf of a student.

While the request is immediately available to the reviewer to start working on, the email notification is only sent to the Reviewers the next business day. If the Reviewer(s) have already processed the request on the same, then they will not get the email notification. Reviewers will take a look at the student's request and approve or disapprove it.

Depending on the Faculty, there will either be 1<sup>st</sup>Reviewer(s), or 1<sup>st</sup> and 2<sup>nd</sup> Reviewers. If there are no reviewer(s) set up, the Faculty Administrator will need to assign reviewer(s) for that request. However, if there are no 1<sup>st</sup> Reviewers assigned for a particular subject that has a pending request, an email notification will be sent to the Faculty Administrator. If there is no Faculty Administrator, a System Administrator will assign the appropriate Faculty Administrator.

This document will take you through the all the functionality available to Faculty Administrators. The Faculty Administrator functionality allows you to perform one or more of the following:

- 1. Add/remove 1<sup>st</sup> and 2<sup>nd</sup> Reviewer(s) per McGill Subject
- 2. Enable/disable 1<sup>st</sup> or 2<sup>nd</sup> Reviewer(s)
- 3. Search for course equivalency requests by request number or requestor's email address and view request details
- 4. View the list of Faculty Administrators
- 5. Request the addition/removal of a Faculty Administrator

#### **Roles**

**System Administrator:** They are able to manage Faculty Administrators, manage reviewers, and perform system administration tasks as well as search and view requests.

**Faculty Administrator:** They are able to manage reviewers, as well as search and review request(s) for their faculty and departments.

**Reviewers**: They are assigned by their Faculty Administrator to either be the 1<sup>st</sup> or 2<sup>nd</sup> Reviewer. There could be one or two levels of reviewers in a department. Here are some examples:

- There can be many 1<sup>st</sup> Reviewers and no 2<sup>nd</sup> Reviewer. This means the first person to assess the request will make the final decision.
- A person cannot be assigned 1<sup>st</sup> and 2<sup>nd</sup> Reviewer roles for the same subject. However, they can be assigned both roles for different subjects.
- If there are 1<sup>st</sup> and 2<sup>nd</sup> Reviewers, the 1<sup>st</sup> Reviewer will take a look at the request and make a preliminary decision. This request will go to the 2<sup>nd</sup> Reviewer who will make the final decision.

#### **Main Screen**

After you have logged into the Course Equivalency System, you will be presented with:

- 1. **Username**: displays your username and hover your mouse to see your role (e.g. System Administrator).
- 2. **Logout**: allows you to exit the system.
- 3. **Menu**: allows you to perform administrative tasks.
- 4. **Help**: brings you to the FAQ page.
- 5. **Search criteria**: allows you to search McGill University's Course Equivalency Database by a McGill course or an External course.

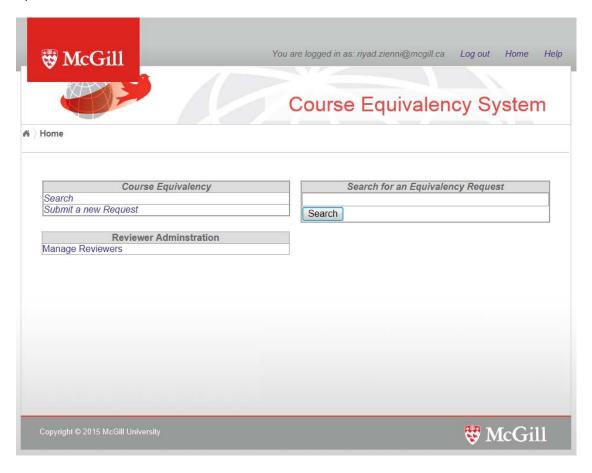

#### Menu

To do administrative tasks, you will need to go the menu.

- 1. Log into Course Equivalency System.
- 2. Click on the Home link.

- 3. From the Menu, you will have 3 sections:
  - a. **Course Equivalency**: It allows you to search for any McGill or External course(s).
  - b. **Reviewers Administration:** This sections allows you to look up, add or delete reviewers for a specific Faculty.
  - c. **Search for an Equivalency Request**: It allows you to view the status of a request made by the students.

#### **Reviewer Administration**

When a student requests a course equivalency, the system automatically sends an email to the reviewer(s) of the Faculty. If there are no reviewers, it sends a notification to the Faculty Administrator.

As the Faculty Administrator, you will have access to see all Departments within your Faculty. You will see the names of the 1<sup>st</sup> and 2<sup>nd</sup> Reviewers for each subject. If no reviewer(s) are assigned, you will get an email notification and you will need to assign a reviewer(s). This is where you can also change and/or delete reviewers.

#### **Manage Reviewers**

- 1. Click Manage Reviewers from the Reviewers section of the Menu.
- 2. Click on your Faculty.

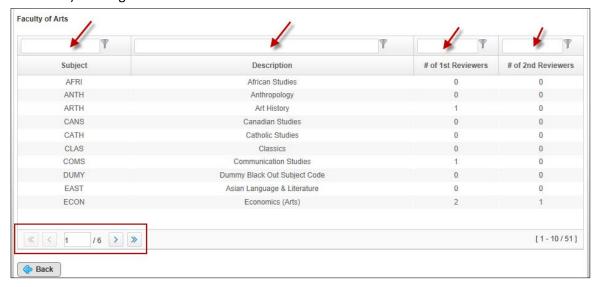

The column # of Subjects with no assigned Reviewers should always be 0. If it displays more than 0, this means that the Faculty Administrator has not assigned reviewer(s) for that subject(s). You will need to assign them.

As a Faulty Administrator, you must have at least one 1<sup>st</sup> Reviewer per subject and assign a 2<sup>nd</sup> Reviewer (depending on your faculty) in addition to the 1<sup>st</sup> Reviewer.

3. Find the subject by filtering the column (Subject, Description, # of 1<sup>st</sup> Reviewers, # of 2<sup>nd</sup> Reviewers) or using the scrollbar at the bottom.

- If you use the filter option and then you want to reset the filter, just remove everything from the filter columns.
- If the number of reviewers is = 0 for the 1<sup>st</sup> and/or 2<sup>nd</sup> Reviewer, it means that there are no reviewers assigned and the Faculty Administrator will need to assign the reviewer(s). If no reviewer(s) are assigned, then the System Administrator will assign a Faculty Administrator or can assign reviewer(s) on their behalf.
- 4. Click on the selected subject.

- 5. You will see a list of reviewers and their role. Note that the system displays the 1<sup>st</sup> Reviewers and then the 2<sup>nd</sup> Reviewers alphabetically.
  - a. To add a new reviewer:
    - Enter the name or McGill email address in the Search field and click on the Search button.

ii. You will see the results. Find the name and click on one of the roles.

iii. Click on the **Add** button. A confirmation message will appear in green. The person will be added to the list of selected subject.

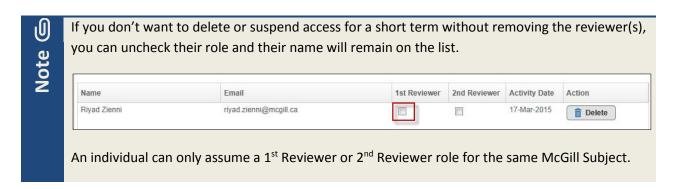

- b. To **modify** the reviewer's role from the list:
  - i. Find the name and click on the desired role.

- ii. It will automatically get saved. A confirmation message will appear in green.
- c. To **delete** a reviewer from the list:
  - i. Find the name and click on the **Delete** button.

ii. You will see a Confirm reviewer deletion dialogue box. Click on the **OK** button to continue. A confirmation message will appear in green.

  - c. **Preliminary decision**: a decision has been made by the 1<sup>st</sup> Reviewer and is waiting for the 2<sup>nd</sup> Reviewer to confirm the decision.
