

## HOW TO CREATE & MAINTAIN COMMENTS ASSOCIATED WITH A COURSE SECTION IN BANNER SIS

### Section Comment Form (SSATEXT)

#### General:

The *Section Comment Form* is used to build and maintain comments associated with a course section. Comments preceded by an asterisk (\*) will appear on the Web Class Schedule.

A course must first have been created on the *Basic Course Information Form (SCACRSE)* in the Catalog module. Section(s) of this course are then created using the *Schedule Form (SSASECT)*. Only after both the course and section have been created can comments for a section be entered and maintained.

#### Check List:

Before you proceed, you must have the following information:

- ❖ Term code
- ❖ Course Reference Number
- ❖ Additional remarks
- ❖ Comments related to course section

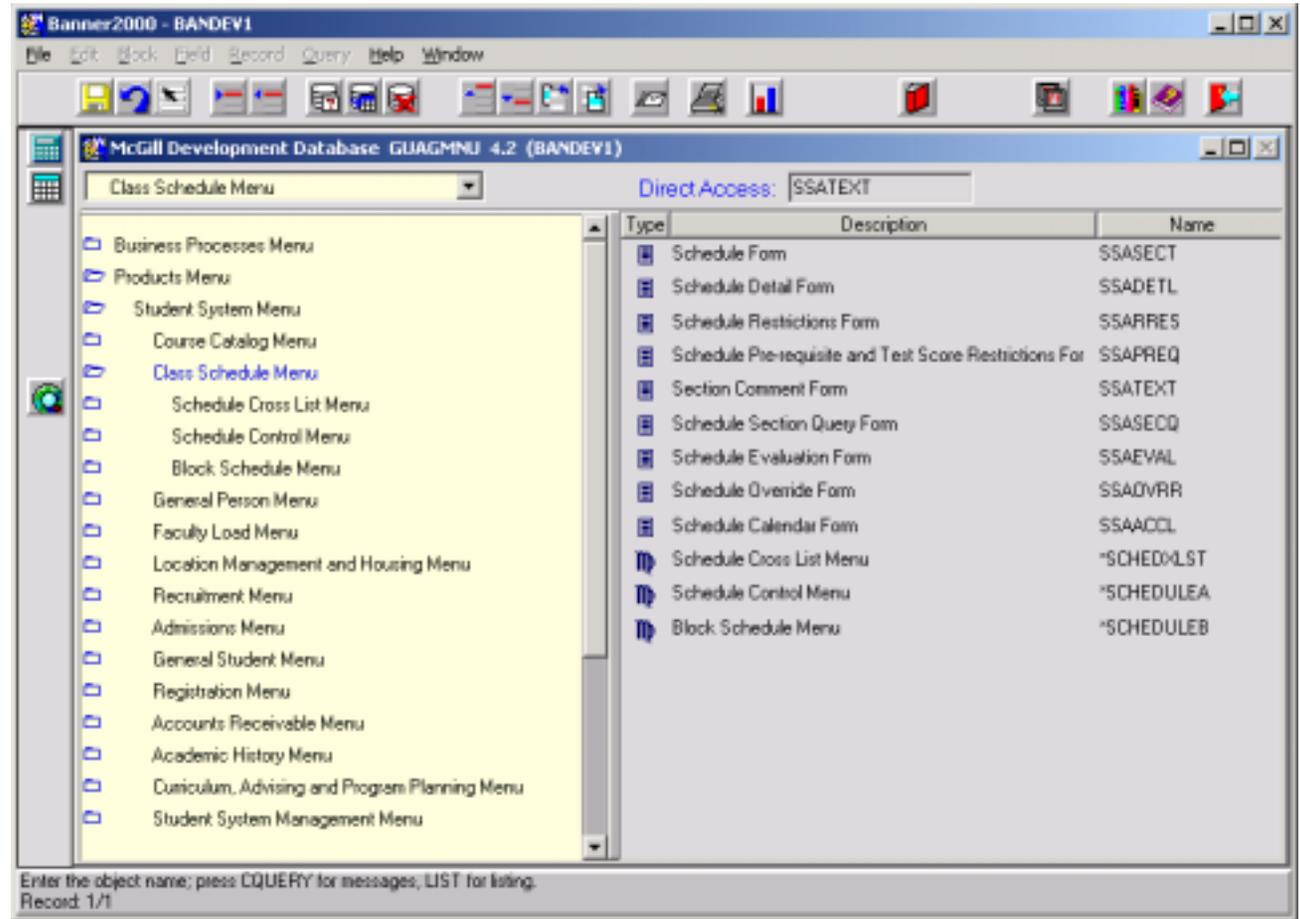

**Remember:** The bottom left of the form displays errors and warnings. This area is referred to as the auto-hint line and should be consulted if you are experiencing any problems. Even if you are not experiencing difficulties you should always keep an eye on this bar, especially if you are updating fields, as it provides important information such as warnings and errors that do not necessarily block your progress.

## Accessing the "Section Comment Form" (SSATEXT)

Type the name of the form **SSATEXT** in the Direct Access field.  
(OR)

Use the Menu Selection:

- 1) Access Products Menu
- 2) Select Student System Menu
- 3) Select Class Schedule Menu
- 4) Select **Section Comment Form (SSATEXT)**

The adjacent screen will appear:

**Note:** Numbers have been added to the adjacent form to help find and identify the different fields. These numbers correspond to the table below, which defines or explains each field's purpose.

In the table below, text inside {} brackets refer to Banner functions that are performed with buttons, menu items, or keystrokes.

<i>Req'd</i>	<i>#</i>	<i>Field</i>	<i>Action</i>	<i>Reaction</i>	<i>Explanation/Description</i>	<i>Related Documentation</i>
